Ocean & Shoreline Management **12** (1989) 587–589

CONTENTS OF VOLUME 12

Number 1

Marine Regions: Myth or Reality 1
JOSEPH R. MORGAN (USA)

Study of the Sedimentological and Rheological Properties of Fluid Mud in the Fluvio-estuarine System of the Gironde Estuary 23
J. GRANBOULAN, A. FERAL, M. VILLEROT & J.M. JOUANNEAU (France)

Planning for the Galapagos Marine Resources Reserve 47
R. A. KENCHINGTON (USA)

Numerical Modelling of the Vertical Tidal Current and Salinity Structure in a Deep Water Scottish Loch 61
R. A. FALCONER & I. C. S. COX (UK)

Ocean Mining: What Does it Mean for Local Governments? 81
DAVID W. FISCHER (USA)

Recent Developments in Ocean and Coastal Management 89

Book Review 101

Announcement 105

Number 2

Geomorphology in Conservation Assessment—The Dungeness Shingle System 107
D. F. M. McGREGOR & C. P. GREEN (UK)

Ocean & Shoreline Management (12) (1989)—© 1989 Elsevier Science Publishers Ltd, England. Printed in Northern Ireland

Maritime Claims and Management Rights of Indigenous Peoples: Rising Tides in the Pacific and Northern Waters 125
MARK J. VALENCIA (USA) & DAVID VANDERZWAAG (Canada)

Shoreline Utilization in a Rapidly Growing Coastal Metropolitan Area: The Cape Peninsula, South Africa 169
L. VAN HERWERDEN & R. BALLY (Republic of South Africa)

Resource Rent Rivalry in the Western Pacific Tuna Fishery: Cooperative and Non-Cooperative Solutions 179
H. F. CAMPBELL (Tasmania)

Number 3
Special Issue: Managing Marine Conflicts

Editorial 189

Introduction to Managing Marine Conflicts 191
JEFFREY C. JOHNSON & RICHARD B. POLLNAC (USA)

Of Mackerel and Menhaden: A Public Policy Perspective on Fishery Conflict . 199
MICHAEL K. ORBACH (USA)

Marine Mammals and Fisheries Conflicts: A Philosophical Dispute 217
LAURA L. MANNING (Denmark)

Private and Public Approaches to Solving Oil/Fishing Conflicts Offshore California 233
BILIANA CICIN-SAIN & ART TIDDENS (USA)

Resolving Intergovernmental Conflicts in Marine Resource Management: The US Experience 253
JACK H. ARCHER (USA)

Marine Use Conflicts Arising from Development of Seabed Hydrocarbons and Minerals: Some Approaches from the United States West Coast 271
RICHARD G. HILDRETH (USA)

Number 4

Organotin Compounds, Fouling and the Marine Environment 285
E. O. OYEWO (Nigeria)

Response to Coastal Storm Hazard: Short-term Recovery Versus Long-term Planning 295
DAVID W. FISCHER (USA)

Mean High Water as a Cadastral Boundary 309
BRIAN J. COUTTS (New Zealand)

Patterns of Shore Utilization in a Metropolitan Area: The Cape Peninsula, South Africa 331
L. VAN HERWERDEN, C. L. GRIFFITHS, R. BALLY, M. BLAINE & C. DU PLESSIS (Republic of South Africa)

Problems of Marine Fisheries in Developing Countries: The Ethiopian Case . 347
KIFLEMARIAM MELAKE (Ethiopia)

Recent Developments in Ocean and Coastal Management 363

Numbers 5 & 6

Special Issue: Land-Use Problems, Planning and Management in the Coasal Zone

Guest Editorial 365

Land-Use Problems, Planning and Management in the Coastal Zone: An Introduction 367
A. CENDRERO (Spain)

Coastal Zone: Occupance, Management and Economic Competitiveness . . . 383
ROGER H. CHARLIER (Belgium)

Geomorphologic Methods of Cartographic Analysis Applied to Coastal Reliefs 403
J. M. FROIDEFOND & M. PUJOS (France)

Mapping Off-Shore Coastal Areas: 'The Submerged Lands of Texas Atlas'—A Review 411
E. G. WERMUND, W. A. WHITE, T. R. CALNAN & R. A. MORTON (USA)

Mapping and Evaluation of Coastal Areas for Planning 427
A. CENDRERO (Spain)

Pollution of Harbour Sediments by Heavy Metals 463
J. R. SENTEN (Belgium)

Continental Fluxes to the Bay of Biscay: Processes and Behaviour 477
J. M. JOUANNEAU & C. LATOUCHE (France)

Mariculture Developments; Environmental Effects and Planning 487
C. FERNÁNDEZ-PATO (Spain)

Coastal Engineering and Use of the Littoral Zone 495
PER BRUUN (Norway)

Case Studies in Coastal Protection: Zeebrugge (Belgium) and Bali (Indonesia) 517
CHRISTIAN P. DE MEYER (Belgium)

Coastal Defense and Beach Renovation 525
ROGER H. CHARLIER & CHRISTIAN P. DE MEYER (Belgium)

Beach Planning and Management Problems Along the Cantabrian Coast . . . 545
M. A. LOSADA, R. MEDINA & J. M. DESIRÉ (Spain)

Planning of Marina Developments Along the Moroccan Coastline 561
A. QANIR (Morocco)

Numerical Models for Coastal Zone Management 571
J. CARDONA & A. SAMARTIN (Spain)
